TEACHING JOHNNY TO SWIM

SERIES ONE

Johnny can be taught to swim more readily if you select one of his friends to learn along with him. Many of the steps can be accomplished more easily when two youngsters work together.

Getting Johnny and Jimmy accustomed to the water is the first step. Fill a receptacle with water at home and have the boys put their faces in often enough so that they can hold their breaths and stay in 15 or 20 seconds; then practice exhaling under water and inhaling when the face is out.

The above illustration is but one of a great many in a booklet issued by the American Red Cross on how to teach your child to swim. They are now available from Mrs. Loo Jorgenson, Crawford County Red Cross Chapter secretary. They are priced at 20c each.

Elks Buy New Home At Houghton Lake

The financial committee of the Elks Lodge was given a unanimous vote of approval to buy the Elks Hotel at Houghton Lake from Mrs. Ann Luby, for their permanent lodge. The property has frontage on both M-55 and Houghton Lake. It is the lodge's intention to remodel the present building temporarily to accommodate the growing membership, but with plans in a year or so to build a new and modern building on the present site. The Houghton Elks Lodge is located in a beautiful area, just across the road from Gladwin, West Branch, Grayling, Kalkaska, Roscommon and Houghton Lake. It has a new organization two years ago, the membership has grown close to two hundred members. Henry DeTray and Bill Hendrickson are the chairmen of the building and financial committees and cordially invite all members to attend the next regular meeting, Thursday, July 10th, to hear more about the future plans.

LIBRARY NEWS

There are a lot of readers in the Reading Club which is for 3rd, 4th and 5th graders. Three have finished their fifteen books. Billy Gould, Linda Knibbs and Nancy Fenton. Don't forget the Story Hour on Tuesdays and Thursdays from 10:15 to 11 a. m. for those in the Kindergarten, 1st and 2nd grades. They seem to be enjoying the stories and we have more children at each Story Hour. We have some new books and as soon as we can get books moved over we will be less crowded. Last Monday we circulated 115 books and 103 one day the week before. This is very good especially for summer time. We have a number of non-resident readers now. We are glad to welcome back our summer visitors.

Biggest Flaw . . .

Is the Russian and U. S. medicine compare? That is a provocative one. And an answer has been given by Dr. Gunnar Gundersen, newly-elected president of the American Medical Association, who recently appeared in an extended interview in the issue of Today's Health. All in all, what he has to say is highly reassuring. The Russians are not beating the race of medical progress. In some important fields, such as antibiotics and hormones, they've made a lot of progress. For the most part, their hospitals and other facilities are crowded and the physical standards are below U. S. standards. Their medical schools are about on a par with ours, and graduate work is comparable. Doctors, if they have any instinct for preservation, must pretty well follow the Soviet line, as must everyone else. To quote Dr. Gunnar directly, "Human life is not very precious in Russia. I believe medical care doesn't enjoy too high a status. The most significant of all, to many minds, is the last question asked of Dr. Gundersen: "What would you say is the basic weakness of the Russian medical system as compared to ours?" He answered: "We place a great deal of emphasis on freedom in this country. I'm convinced this freedom just doesn't exist in that kind of country. It doesn't exist under their system. That's the biggest flaw."

Freedom is our greatest resource.

Spider In The Paper . . .

The News-Herald, of Cuba City, Wisconsin, recalls an amusing answer made by Mark Twain when he was asked if finding a spider in the newspaper meant good or bad. The writer said: "Finding a spider in your paper either good luck nor bad. The spider was merely crawling over the paper to see which merchant was not printing so that he could go to that store, spin his web across the door and lead a life of undisturbed peace afterward."

The News-Herald adds: "It's even more true today. People are buying and reading more newspapers than ever before in history. Population has increased 47% since 1920 . . . but newspaper circulation has increased 94%."

"Almost everybody reads the newspaper. It's one medium people won't do without."
Wise producers and sellers of goods and services of all kinds know that newspaper advertising is the best way to keep the spider and his web away!

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

July 4, 1935.
In the final summary by the judges in the Avalanche's subscription campaign it was found that the Hospital Aid society had won the Standard Chevrolet Coach, and DeVere Schmidt had won the second prize—a Crosley Shelvador electric refrigerator. The options to accept the sum of \$400 in cash instead of the auto and \$90 in cash instead of the refrigerator were exercised on the part of both victorious contestants. The third and fourth contestants Laura Parker and Regie Sheehy were awarded bonuses and commissions that amounted to quite snug sums.
July is here and the big Homecoming that will be staged is approaching fast. Opening the program Sunday the 14th will be a band picnic. Monday will be getting acquainted day, while Tuesday there will be a regular old-fashioned field day program for young and old at the ball park, with races of all kinds, tug-of-war, and greased pole walking. Wednesday besides the air circus and golf tournament there will be a ball in the school gym. The famous Paul Zimm and his twelve piece orchestra together with the H. W. Wolff will make their first appearance at the homecoming ball. Thursday the big parade will be staged. Friday there will be the formal dedication of the Hartwick Hotel which will be in charge of the Conservation Department. Governor Fitzgerald will be present and Ex-governor Fred Green. Saturday afternoon the Regional Review of the Michigan National Guard will take place at Camp Grayling. That night there will be one of the prettiest displays of fireworks ever held in Grayling, beginning at 11 o'clock at the ball park.
H. W. Wolff is pretty busy these days since the advent of the streamlined trains that are being constructed by the American Car & Foundry Co., of which he is the executive vice president. Mrs. H. A. Bauman has returned

after spending some time in Salisbury, N. C. with her daughter, Mrs. Walter Woodson.

Recently Mr. and Mrs. Joseph Freeman of Gaylord, announced the marriage of their daughter, Miss Beatrice, to Mr. Willard Cornell of Harbor Springs, the marriage having been solemnized some time ago. The bride has been the commercial teacher here for the past three years and Mr. Cornell is principal of the local high school. Both have hosts of friends among the pupils and others who extend congratulations and best wishes. As Mr. Cornell will be returning in September the young couple will take up their residence here about that time.

Explorer Scout Advisor Clarence Roberts resigns

Explorer Scout Advisor for the Grayling Post Clarence Roberts has tendered his resignation of the duties expressing the hope that someone will step forward to take over.

Prior to his resignation, 14 members of the post enjoyed a fishing and hiking trip into Canada. Advisor Roberts was assisted by Claude Lytle, Rolla Failing, Gary Worden and Arden Roberts who drove and acted as counselors. Cars for the trip were donated by Dr. J. F. Cook, Fred Bear, Art Worden and Clarence Roberts. The Explorers and the rest of the party had the use of cabins donated

by Harry McEvers, Russell Vallad and Joseph Cincinla.

The trip was started at 10 p. m. June 8 from Grayling with the group driving straight through to Searchmont, Ontario, where they boarded an Algoma Central train which took them to Trout Lake at Mile 57. The time was spent in fishing, hiking and eating. They returned to Grayling on Sunday, June 15.

The trip marked the end of four years of working and playing with the Explorers for Advisor Roberts. He said that the time had given him lots of personal satisfaction and experience in guiding the young men.

Projects of Explorer Post 77 during that time have been many and varied. They have included four major trips plus several camp-outs and minor trips. The Post on many of occasions has been of service to the community in various ways.

Advisor Roberts said, "I wish to thank the many people who have assisted me in this work with the Scouts, and a big thanks to a grand bunch of boys with whom I have been associated over the past four years. It will be four years that I will long remember," he added, "the association has made my life much fuller and the satisfaction of guiding our young folks will always be with me."

Among those going on the Canadian trip were: Larry and Tom

Crouch, Jim and Tim Perry, Jerry Larson, Mike Roberts, Ward Burton, Ray Halstead, Joe Robertson, Mike Lovely, Butch Holtcamp, Tom Brooks, Jim Sorenson and George Gingerich.

Miss Salome Forbush of Frederic is visiting relatives in Oakland County.

Frank Phelps of Hudson arrived here Tuesday morning. He expects to return Friday and will be accompanied by his wife and daughter. Also Miss Eleanor Schumann will accompany them to Hudson and will spend a few weeks with Grandma Doty.

Julius Nelson and Rasmus Rasmussen have completed their road job connecting the Danish picnic grounds with the Portage Lake road. It is ready for travel and is said to be a very satisfactory piece of work. The highway commissioner has accepted the road.

The post office at Frederic has moved into new quarters. Mr. and Mrs. Algot Johnson are the parents of a baby boy born Sunday.

Hugh Oaks and Charles Fehr are entitled to a lot of credit for the good work in decorating the town for July 4th. The welcome arch is especially well done.

E. E. Houghton and family left Lovells on Tuesday to visit relatives and friends in West Branch and other cities.

Large forest fires have been raging about three miles to the northwest of this little village for about a week past which has kept fire wardens McElroy and Babbitt and many men busy. Much alarm is felt by all on account of protracted drought in Lovells.

Feldhauser brothers are nearly all at their old home at Sigsbee, saving lumber.

John Parsons cleared and planted five acres on his own farm at Maple Forest this year and is rewarded with some of the first new potatoes in this section.

George Collins will move from Frederic to Grayling in the near future.

Henry Stephens of Waters was in Grayling Tuesday and is organizing a baseball team for the purpose of meeting the best teams in northern Michigan. Mr. Stephens is out for the pleasure that is in baseball and is going to have some good games even if he has to import in his own players, which he is doing in this instance. His team will be called the Osage's and their first game will be in our back lot Saturday, July 13, so let 'em come for "Hawke's" bunch of sluggers will be sitting on the

Bargain Days

(Continued from Page 1)

everyone from two to seventy-five seemed to be having a wonderful time. Mrs. Floyd Taylor, Wes Kumpula, Basil Smith and Nels Olson furnished the music. They really outdid themselves. It was marvelous and with the P. A. system could be heard very well. We thank Mrs. Taylor for the use of her piano and Leon Rochette, and his employees for moving it for us, and Dick DuBois for the trucking. Also thanks to Sgt. and Mrs. DuVal and Karen Macauley for painting signs.

To the City Manager, Mr. Carlson and the city employees who put up the lights and other equipment for us, we thank you. Also the Police Department who helped us so much and to Art and Gary Parkinson, for the hitching post for the horses.

The prizes for the best costumes at the dance, went to Mrs. Frank Serven and Bob Bovee. They were very cleverly dressed. Mrs. Serven had some close competition but there were many in costume at the dance, especially men. Many were dressed very cleverly on the streets, especially Floyd Davis, and in the stores both days but they didn't come to the dance in costume, therefore were not eligible to win a prize. The committee and their husbands and wives disqualified themselves. Thanks also to Mr. Emil Kraus for securing moustaches and hats for us in Detroit.

If you had a good time this past weekend, tell your local merchants and give him your support. If you would like more of this kind of events let us know. Again thanks to each of the above mentioned people and to everyone who participated and anyone we may have omitted. We hope you all had fun and remember to patronize your local merchant as they make this event possible.

FOR AND ABOUT TEENAGERS

Teens, Parents Each Have Problems

By Clara D. Smith

A teenage friend in New Jersey writes that she is fifteen but her parents will not let her date on Saturday nights. She also says her parents listen to her telephone conversations and if she talks 15 minutes makes her get "off the telephone."

Dates: Many parents allow their children to date at the age of fifteen. Some do not. Our young friend has indicated that when she is 16 she will be allowed to go to Saturday night dances. At the moment that seems like a long time in the future, but actually it

is only a few months away. Be patient.

One thing disturbs me, however. Our friend says she knows many girls who are dating at the age of 12 and 13. This is entirely too young.

Telephone: Our young friend also resents her parents listening to her conversations on the telephone. This, I think, is justified. Parents should respect the privacy of their children's conversations the same as they would other individuals.

I must, however, agree with the parents that a 15 minute telephone conversation is not enough. Telephones are not instruments for visiting. If a teenager has many friends and they call often the telephone can be tied up for hours and days.

All teenagers should remember that other members of the family have telephone privileges also.

If you have a teenage problem you want to discuss, or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, NATIONAL YOUTH NEWSPAPER SERVICE, PRANFORD, N.Y.

But... we're talking about

The Practical Value of Buying where You Live

For instance... meditate for a minute on what a comfort it is to have people around you. Particularly people like doctors, plumbers, druggists, firemen, preachers, mechanics, taxpayers, and the like.

These all come with towns. Towns

come with business. Your business. Every nickel you spend in some other town helps to send some of these handy people away from here.

Maybe it even helps to eliminate YOUR job. Certainly it decreases the profits on whatever business you

are in, and reduces the value of any property you may own in this area.

We're social critters, and depend on each other for many things. But when you scratch somebody else's back, be sure he stands where he can scratch yours in turn.

It Pays to Buy where you Live
